

Murray L. Arlin D.D.S., F.R.C.D. (C)
PERIODONTICS & IMPLANT DENTISTRY

We would like to welcome you to our office and take this opportunity to give you some information in advance of your first appointment with us.

Dr. Arlin has reserved an appointment exclusively for you, in order to carry out a thorough examination and consultation. If for any reason you must change your appointment, we require at least 2 business days advance notice.

Our goal is to provide our patients with the best periodontal and implant care. During your examination, the health of your teeth, gums and supporting jawbones will be determined. An oral cancer examination will also be performed at that time. Dr. Arlin will review all clinical and x-ray findings with you and will address all your questions and concerns. We will work together with your general dentist in providing the best dental care.

Dr. Arlin will provide you with a treatment plan/estimate at your first appointment. After Dr. Arlin has outlined your necessary treatment, the receptionist can assist you with any “paperwork”, including insurance forms.

We would appreciate you reviewing and completing the forms enclosed in advance of your first appointment with us. If for any reason you are unable to complete the forms, we will be happy to assist you, but ***please plan on arriving 15 minutes early***. Please bring the enclosed forms as well as your medical, dental and insurance information with you. As well, if your general dentist has given you any radiographs (x-rays) or forms, please bring them with you.

If you have any questions you wish to ask in advance of your first appointment, please don't hesitate to call us.
